Circuit Court Proceedings.

In the Circuit Court four negroes were tried and each convicted and given a penitentiary sentence as follows: Lige Richardson, for breaking into an L. & N. freight car, two years; Raymond Brown, malicious cutting, one year; Lewis Jefferson and Will Foggy, grand larceny, one year each.

On Wednesday the City of Paris was soaked with a fine of \$1,500 for creating and maintaining a public nuisance. This is the second trial of the case at this term of court, the first trial resulting in a hung jury. It appeared in the evidence that the city has a large rock quarry on Seventh street, about 125 yards in the rear of Higgins avenue, and that while discharging blasts boulders were thrown with such force and of such size that they fell through the roofs of residences on Higgins avenue, endangering the lives of the occupants. The last grand jury also indicted the city for the same offense. City Attorney T. E. Moore will carry the case to the Court of Appeals.

After hearing and passing upon a number of motions in equity cases, Judge Stout announced yesterday afternoon that court was practically adjourned until the March term, though he would be here to-day and would take up anything that had been overlooked.

Paris to Have Modern Hotel.

Judge Watts Parker, Judge J. E. Morton and Master Commissioner George C. Webb, of Lexington, have purchased of Mr. Nathan Bayless, Sr., of this city, the Windsor Hotel property, on Main street, at the reported price of \$15,000 cash.

Judge Parker and Mr. Webb were in the city Wednesday examining the titles to the property, and it is understood the transfer will be made today or to-morrow. Mr. McLearn, who is now running the hotel, has a lease on the property till May 1, 1907, and while there has been no deal made with him so far, there is no doubt but what satisfactory arrangements will be made in regard to his lease.

The new owners state that extensive improvements have been decided on and when they are completed Paris will have one of the most modern hotels in Kentucky. Our city has needed an up-to-date hotel for years and we have not the least doubt but what the Lexington capitalists will make a paying investment when they make the old Bourbon House a modern hotel building.

Paris Chicken Fancier Carries Off Premiums.

Dr. C. J. Clarke, our popular druggist, has become one of the noted chicken fanciers of the country, and his chickens never fail to take their share of the premiums at the big poultry shows. There are over 1,000 chickens at the Poultry Show now on at Frankfort, Ky., and the Doctor has so far taken the following premiums:

First premium on White Leghorn cock; first on White Leghorn hen; first on White Leghorn pullets; second, third, fourth and fifth on White Leghorn cockerels; third, fourth and fifth on Brown Leghorn cockerels and fourth on Brown Leghorn pullets.

The premium the Doctor prizes the most was the first premium on his pen of White Leghorns, which was a handsome \$25 silver cup. He showed in this ring against the pens that carried off the honors at the St. Louis Fair.

Elegant Patterns.

I am sure your daughter would appreciate a dressing table as much as anything you could give her at the same price. See what I am showing because they are elegant patterns.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Buckle's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Oberdorfer's drug store.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation.

Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native American medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate nervous system. Now glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's free for the asking.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

Few Figures on Senatorial Race.

Will Senator Blackburn be re-elected? His friends are confident that he will and base their belief upon analysis of the vote in the Democratic caucus as they believe it will be cast. According to their count there will be, or should be, 105 votes in the caucus. Of these it is claimed that 43 are pledged to Senator Blackburn, viz: of Representatives, 31; Senators-elect, 7; hold-over Senators, 5.

From the best information that can be gathered Judge Paynter claims 32 pledged votes, of Representatives, 22; of Senators-elect, 5; of hold-over Senators, 4.

Mr. Haldeman claims the united vote of the Senators and Representatives from Louisville, which includes Representatives, 7; Senators-elect, 2; hold-over Senators, 1; making 10 in all.

The doubtful members are Representatives, 13; Senators-elect, 4; hold-over Senators, 3; making a total of 20. Of a total of 105 in caucus it will require 53 to make a nomination. The friends of Mr. Blackburn claim that of the doubtful ones he will get 11 and possibly 14, which would give him the nomination with votes to spare. It is quite likely that he will lead on the first ballot. The combinations that may be made the reader can figure for himself.

Boswell's administrator on Tuesday as follows: Horses, \$30 to \$106; cows, \$20 to \$40; calves, \$14.50 per head; sows, \$10.50; shoats, \$4 per head; corn in field, \$1.90 per barrel; farm implements, fair prices. The 130 acres of land were rented to Clarence Wright at \$9 per acre, possession March 1.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. Mr. Hutchcraft Again Victorious.

At a meeting of The Kentucky University Athletic Association in Prof. Fairhurst's class room, at College, C. M. Harbison was elected President of the Association and R. B. Hutchcraft, Jr., of this city, was elected Secretary. The real business of the meeting, however, was to elect a manager for next year's foot ball eleven. Mr. Hutchcraft was unanimously elected to fill this position. In a notice of the meeting the Lexington Leader says: "Mr. Hutchcraft is a member of the junior class and was one of the men that composed the Periclean debating team that defeated Cecropia's team December 15. He is one of the most popular men in the University, has business ability and will undoubtedly make a worthy successor to Mr. Neal, the manager of the undefeated 1905 eleven."

A Bigamist Arrested at Millersburg.

Charles McFarland, who trains horses for J. F. Barbee, of near Millersburg, was arrested Wednesday by Marshal Leonard Howard, of Millersburg, and Detective Vincent Doty, of Cincinnati, upon a warrant charging him with bigamy, sworn out by Mrs. Eva McFarland, of Cincinnati.

He was arrested on the farm of Mr. Barbee, and begged the officers to let him see wife No. 1, who formerly Miss Bessie Hitch, of Covington, and who with her husband lived about a half mile from Millersburg, before being taken away. The accommodating officers, who were in a surrey with J. E. McGranahan, a contractor of Cincinnati, who was on McFarland's bond for \$1,000, which he had been called on to pay, granted his pleadings and drove to his home. McFarland entered his home, telling the officers he would return just as soon as he could change his clothing and have a talk with his wife. After waiting about an hour the officers went to the house and found the bird had flown out of the back door.

Mrs. McFarland was very much surprised and completely prostrated when the officers informed her of their mission, and was left in sobs and tears, when they immediately followed his tracks from the back door in the mud. After tracking him for a mile to a large tobacco barn they found him concealed on the fourth tier rail and they were compelled to draw their guns and threaten to take a shot at him before he consented to come down from his perch.

He was brought to this city and guarded at the Fordham Hotel until the 5:30 train yesterday morning when they left with him for Cincinnati to face wife No. 2.

McFarland is a young man about thirty-five years of age, of good address and appearance, and has trained horses for Mr. Barbee for more than two years and bore a good reputation.

It is said that he married about seven years ago Miss Bessie Hitch, a young lady of excellent family residing at Covington. During the summer of 1903 McFarland left home for several months as a result of a family quarrel, and while away, it is alleged, married Miss Eva Hammond, also of Covington, and daughter of Prof. Hammond, of the public schools of that city. It is alleged that he continued to live with wife No. 2 until October of that year, who, hearing of his previous marriage, had him arrested on the charge of bigamy. He secured bail, as above stated, and skipped. His trial was postponed from time to time until Mr. McGranahan, who was on his bond, was notified to pay up. He employed Detective Doty, who located his man near Millersburg and the arrest followed.

Fine Old Home Burned.

The residence of Mr. George W. Morrow, near Clintonville, burned at 11:30 o'clock Monday night, with all of the household effects. Mr. Morrow had killed hogs and all of his fresh meat was in the cellar and was consumed. Mrs. Rufus McQuarters, daughter of Mr. Morrow, and her six children lost nearly all of their clothing in the fire. Loss is estimated to be near \$5,000, with no insurance. The house was built in 1873 and considered one of the best country homes in the county. Mr. Morrow is one of our cleverest farmers and much sympathy is expressed for him in the loss of his old home.

Hazing Must Stop.

Hazing of every kind, it was announced Friday, would be stamped out of the Naval Academy, regardless of the number of dismissals from the brigade of midshipmen necessary to bring about this result. Two midshipmen will be dismissed from the academy within a few days by the Secretary of the Navy, the one for hazing and the other for countenancing it by failure while on duty to report its occurrence. Other dismissals will follow as often as midshipmen are found guilty of hazing or countenancing it.

Wanted to Get Even.

"I'd like that tooth, please," said the small boy, after the dentist had extracted the torment.
"Certainly, my little man, but why do you want it?" queried the dentist, handing it over.
"Well, sir," responded the gratified boy, "I'm going to take it home and I'm going to stuff it full of sugar. Then I'm going to put it on a plate and, with a triumphant grin, watch it ache."

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong—
Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee,
And shout to the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind. "Two sizes, 25c and 75c. All druggists."

THE FAIR

All Roads Lead to The Fair
at Christmas Time.

There's more downright enjoyment in visiting The Fair, more pleasure in choosing, more economy in buying, than at any other Christmas store in Paris. Pin your faith to The Fair and Christmas will come out just right.

Our Toy Department is a veritable haven of happiness for boys and girls. Toys and Dolls are shown, not merely by the hundreds, but literally by the thousands, and in such immensity of variety as can be found nowhere else in Paris. Bring the children to see it.

A pretty piece of Chinaware is one of the most acceptable Christmas gifts. And where would you go for such a gift but to The Fair, which devotes hundreds and hundreds of feet of counter space to China alone. There never was such a Christmas show of China gotten together in Paris as the one we show this Christmas.

Hundreds of pleasing little gifts at a dime apiece are shown in our special Ten-Cent Department on the second floor. This department is attracting immense attention, and is certainly one of our most wonderful Christmas features.

Don't forget The Fair Annex, four doors down the street; a bazar of splendid Christmas merchandise, of which immense hosts of Christmas China are the leading feature. It isn't enough just to visit The Fair, you should see The Fair Annex also.

Be careful of the Christmas pennies. There's no more need to waste money at Christmas time than at other times. Every gift you buy at The Fair will be a marvel of excellence for the money, and will help you make your Christmas money go farther than you expected.

THE FAIR.
